OUR HEARTS AND SOULS ARE IN THIS

From all of us at LMC Express, we are excited to start this journey with you. Our dedicated and committed staff are here to help and we look forward to growing your business with you. We are not just a transport company. We are a dynamic team of individuals who take pride in our business and we understand the blood, sweat and tears that go into your business so we are here to bring our A-game; your link in the cold chain.

OUR MISSION

Our mission is to be the 'go-to-without-a-doubt' service provider and cultivate top-notch business relationships with our customers.

Of great priority is the growth of our clients' businesses, their trade, and their national competitiveness.

Each of our customers is an expert in their own field. This includes chefs, bakers, charcuteries, fynbos flower growers, craft beer brewers, chocolatiers, cheesemakers, importers and traders in salmon, parmesan cheese, serrano ham, and prosciutto. As fine food manufacturers in the SMME market, clients supply their products to restaurants, franchises, delis, and retailers such as SPAR, SHOPRITE, and PICK 'N PAY.

The spirit of teamwork, dedication, resourcefulness, and reliability is what makes LMC Express such an exceptional agency, and a company, who cares about each customer.

HIGHLIGHTS PACKAGE

LMC EXPRESS

A single truck can accommodate various temperature requirements, from small parcels, half pallets to full pallets. A team of 170 people ensures that the products arrive in mint condition, with precision administration and LMC depo to client communication.

On a larger scale, we serve about 700 clients and our trucks carry goods worth more than R800 million per month. The LMC Express company is the invisible contributor to the availability of high-quality, value-added foods in shops and restaurants.

Most of our clients are small to medium-sized businesses, many of which have grown thanks to the reliable supply chain LMC Express provides. We transport our clients' products nationwide to consumers.

Because we run a consistent schedule, we can keep our delivery promises. Upon collection, we can deliver fresh products within 48 hours to our clients' customers in South Africa.

PROCEDURES & SYSTEMS

Several procedures and systems are in place to ensure a successful completion of every job. In the unlikely event that something goes wrong, money will be refunded. In order for us to keep our promise, our clients need to follow our terms and conditions. It is essential for us to keep our clients' peace of mind so we look forward to maintaining long-term relationships with them.

PALLET SPECIFICATION

The nature of our business is a multi-collection and multi-delivery service for our various customers and we are therefore very strict with our pallet specifications.

For security purposes, we require that the top of the pallet also be shrink-wrapped. Shrink-wrapping should be done in such a manner that the product is stable and well-protected.

The prescribed gross weight per pallet allowed for consignments between Cape Town and Johannesburg should not exceed 950 kilograms and the prescribed gross weight per pallet allowed for consignments to and from Durban should not exceed 850 kilograms. Pallets should be labelled and we recommend that customers label their pallets on all four (4) sides whilst shrink-wrapping.

Please ensure that there is no product 'overhang' on a pallet. Overhang leads to damaged product.
