We're Hiring: Cooling Unit Technician – Commercial Refrigerated Transport

Location: LMC Express CPT Parow Industria

Keep Cargo Cool. Keep Fleets Moving.

Join a leading team in commercial refrigerated transport servicing, where your technical skills keep the cold chain running and essential goods delivered safely.

About the Role:

We're seeking a dedicated **Cooling Unit Technician** to service, repair, and maintain refrigeration systems on commercial transport vehicles—trucks, trailers, and vans. If you've got hands-on experience with systems like Carrier or Thermo King, we want to hear from you.

Key Responsibilities:

- Diagnose and repair refrigeration units on transport vehicles
- Perform routine and emergency maintenance on-site and in the field
- Calibrate temperature controls and ensure system integrity
- Maintain detailed service records and comply with safety standards
- Collaborate with fleet managers to ensure uptime and efficiency

What You Bring:

- Experience working with transport refrigeration systems (e.g., Carrier, Thermo King)
- EPA certification (required); other HVAC/R qualifications a plus
- Strong mechanical and electrical diagnostic skills
- Ability to work independently in the field
- Valid driver's license (PDP preferred but not required)

What We Offer:

- Salary to be confirmed upon successful application
- Uniforms, ongoing training & advancement opportunities
- Work with an experienced, supportive team in a growing industry

Why This Role Matters:

Cold chain logistics is critical—your work ensures food, medicine, and other temperature-sensitive products reach their destination safely and on time.

Applications close on 25 June 2025
